4. QUALIFYING & PRACTICE:

From the waiting zone the rider will enter the start zone and pick their gate, when directed by the official. Once the rider has selected their gate, they cannot change their selected gate. The only person to pick the gate selection is the rider. Once the final rider has selected their gate and entered the start area, the mechanic (or support person) may enter the gate area with the competitors bike. One mechanic or support person per rider ONLY. Should the rider not be in the waiting zone for gate selection they will forfeit their position of pick which will result in having the last pick for gate selection.

7. SIGHTING LAP:

After gate selection a sighting lap will be given to all riders, from behind the start gate. You have 4 minutes to complete the lap, from the time that the green flag is shown. The sighting lap is compulsory (unless the Steward and COC declare it optional) and must be completed on the competitors race bike (competitors can't change bikes once they leave the gate). At the completion of the sighting lap if you are not back behind the starting gate you will be locked out. If the competitor has the misfortune of the bike developing technical issues, once they have left the gate for the sighting lap, they may complete repairs to the bike, once the race has started, from behind the gate or from the mechanics area. However they cannot change machines. Should a competitor double class and they have competed in the preceding race, the sighting lap is optional
